- Foster an engaging and inclusive classroom environment.

However, aligning classroom practices with curriculum standards remains a challenge due to resource limitations, varying teacher preparedness, and infrastructural constraints.

Challenges Faced by 6th Preparatory English Teachers in Iraq

Resource Scarcity and Infrastructure Limitations

One of the most pressing issues confronting Iraqi English teachers is the lack of adequate resources. Many schools suffer from insufficient textbooks, audio-visual aids, and technological devices. This scarcity hampers the ability to deliver interactive lessons and to incorporate modern teaching methods such as multimedia presentations, language labs, or online platforms.

Teacher Training and Professional Development Gaps

While the government has initiated various training programs, disparities persist in the quality and frequency of professional development opportunities. Many teachers lack exposure to contemporary pedagogical approaches, such as communicative language teaching or task-based learning. As a result, classroom practices may rely heavily on rote memorization and traditional teaching methods, which can diminish student engagement and language acquisition effectiveness.

Class Size and Student Diversity

Large class sizes, often exceeding 40 students, pose significant obstacles to individualized instruction and active participation. Additionally, students' varying levels of language proficiency, motivation, and learning styles require differentiated teaching strategies that are difficult to implement consistently under such conditions.

Political and Socioeconomic Factors

Ongoing political instability and economic challenges have indirect impacts on education quality. These factors can lead to irregular school attendance, teacher shortages, and reduced funding for educational initiatives, further complicating efforts to improve English language instruction.
