Etienne Decroux (1898-1991) was a French actor and mime artist whose innovative approach to physical theatre revolutionized performance art. His journey began in the early 20th century, initially influenced by classical mime and commedia dell'arte, but he soon developed a distinct methodology centered on corporeal movement—a discipline he termed "the corporeal mime" or "the art of pure gesture."

Decroux's method diverged from traditional mime by emphasizing the expressive potential of the human body beyond facial expressions and pantomime. He believed that the body itself could serve as a language, capable of conveying nuanced emotion, character, and narrative through precise, controlled movement.

- Structural understanding of movement: Recognizing the body's natural mechanics and how to manipulate them for expressive purposes.
- Minimalism and economy of gesture: Using deliberate, refined gestures to communicate complex ideas.
- Integration of breath and voice: Harmonizing physicality with vocal expression for holistic performance.

Decroux's teachings laid the groundwork for contemporary physical theatre, influencing practitioners like Marcel Marceau (his student) and later performers in companies such as Complicité and Frantic Assembly.

The Impact on Modern Performance Practice

Decroux's innovative approach has had a lasting influence on diverse theatrical forms, including:

- Mime and physical theatre: Establishing techniques that prioritize physical expressiveness.

The Greeks, especially, cultivated a tradition of "mimes" and "pantomimes," which laid the groundwork for modern mime.

Historical texts and sketches from these periods, although not always classified as "mime books" in the modern sense, serve as early references. For instance, the Greek playwright Plautus incorporated slapstick and physical comedy that influenced mime's evolution.

16th-19th Century Revival

The Renaissance revived interest in corporeal performance, and artists like Commedia dell'arte performers in Italy employed masked improvisation and physical comedy, which are closely related to mime. During the 19th century, figures such as Jean-Gaspard Deburau and later, Marcel Marceau, contributed to shaping mime as a refined art form, often documented in manuals and biographies that resembled modern mime books.

Modern Era and the Formalization of Mime Literature

In the 20th century, mime became more systematized. Édouard Lock, Jacques Lecoq, and other influential performers authored texts and manuals that are now considered foundational mime books. These works often combine theoretical insights with practical exercises and are instrumental in training generations of mime artists.
