However, with increasing congestion and environmental concerns, cycling became a practical, cost-effective alternative.

In recent decades, the rise of digital technology and on-demand services has propelled the courier industry into new heights. Today, many individuals choose to become cycle couriers for various reasons:

- **Economic Necessity:** Many see courier work as a quick entry into employment, especially during economic downturns.

Demographics and Backgrounds

The courier workforce in London is remarkably diverse. It includes:

- Young people seeking flexible work
- Immigrants and migrant workers
