Preparation Before Styling

Creating the Chawal Choti

- **Start Braid on One Side:** Take one section (say the right side). Gather a small, thin section of hair from the front near the hairline.
- **Begin Plaiting:** Divide this small section into three equal parts. Start a tight three-strand braid, crossing the right strand over the middle, then the left over the middle, and continue in this pattern.
- **Continue Braid:** Keep adding small, thin sections from the scalp to the braid as you go down, maintaining a consistent, tight plait. This technique is similar to a French braid but with smaller sections for a finer, rice-like appearance.
- **Secure the End:** Once you reach the nape of the neck or the desired length, secure the braid with a small elastic.
- **Repeat on the Other Side:** Follow the same process for the left section of hair, creating a symmetrical chawal choti.
- **Finalize the Style:** If desired, gently tug at the edges of the braid to loosen it slightly for a softer look, or leave it tight for a more defined appearance.
- **Optional Accessories:** Decorate with small hairpins, flowers, or decorative bands to enhance the aesthetic.
